

Portable Range GoCabby

Our GoCabbys are designed to accommodate all kinds of USB-powered tablet devices including iPad, Android and Kindle Fire. If you're keeping them in individual protective cases while you're on the move, that's fine too – there's plenty of room, even for chunkier cases.

And it won't just keep your tech safe from damage. The GoCabby Charge & Sync model has Cambriox U16S technology to sync your tablets, and its unique design means you can charge and update devices even when the case is shut and locked.

GoCabby comes in a bright and stylish design and is fitted with a telescopic handle, two wheels and four feet. So, you can take up to 16 tablets with you on tour without having to worry about them running flat.

Portable Range Highlights

- ✔ Comprehensive safety testing – to the highest worldwide standards
- ✔ Stores and charges 16 USB - powered tablets with or without protective cases and houses 1 laptop

New thinking in ICT storage

1. Stores, charges and / or simultaneously synchronises up to 16 tablets, with or without cases

2. Compatible with any USB powered mobile device, including iPads, Android tablets and e-book readers

3. Additional storage space for laptop or other devices

4. Accommodates tablets in protective foam and Velcro straps, keeping them safe in transit

5. Double power socket inside to power a router or charge a laptop

6. Telescopic case handle allows easy transportation

7. Two locks at the top of the case can be secured with padlocks

8. Case can be closed and locked during charging, as devices will be kept cool by an internal fan

9. Intelligent charging ensures individual devices get the right amount of power, allowing you to store a mixture of tablet types, and charging to individual devices will shut off when they're full

10. IEC power cables plug into the mains and are designed to snap out if pulled away from the wall, preventing damage to the unit or any nasty trips

11. GoCabby Charge & Sync is compatible with any USB powered mobile device, including iPads, Android tablets and e-book readers. GoCabby Charge & Sync allows simultaneous synchronisation of all devices whilst connected. Devices of the same type can all be synchronised in one go, saving you time when deploying apps and content. Easy to install firmware updates ensure your GoCabby Charge & Sync can charge and sync all the latest tablets, making it future proof. iTunes and Apple configurator enables you to sync your apps, media and usable content from your office, home or classroom. Our intelligent charging allows you to charge multiple types of devices at the same time whilst ensuring connection stops automatically for each device once fully charged

12. GoCabby Mini Charge Only comes with removable deployment baskets and a Boost+ attachment which can also be removed to be used as a portable charge solution which charges all devices whilst connected. Our intelligent charging allows you to charge multiple types of devices at the same time whilst ensuring connection stops automatically for each device once fully charged. Safety hinge to lock the lid in place and close slowly

GoCabby Mini Charge Only

| | Code | Number of Devices Can Hold | Case Dimensions | Device Compartment Size |
|----------------------------------|-----------|----------------------------|---|--|
| GoCabby Mini Charge Only | GOCAB16CO | 16 tablets 1 laptop | W480 x D365 x H575mm 19" X 14" X 23" | W200 x D30 x H300mm 7.9" X 1.2" X 11.8" |

| | |
|-----------------------------------|---|
| Materials | Tough laminated ply cladding (GoCabby Charge & Sync). Tough lightweight plastic MDF and plastic moulded corner extrusions (GoCabby Charge Only) |
| Finishes / colours | GoCabby is available in grey |
| Safety | All products are tested to the highest standard worldwide. USA: UL 60950-1/R:2011-12. Canada: CAN/CSA C22.2 No. 60950-1/A1:2011-12. Europe: EN 60950-1/A12:2011. Safety testing is a high priority to LapCabby. We don't release any products unless the case has been completely certified including electrics, materials, construction and components. Leading safety testing house we test the normal operating conditions of the product but also for faults, misuse, temperature, fire risk, electric shock and injury |
| Additional safety features | An over heating device can be a fire risk so we have installed an additional heat sensor in every case. With the side vents and the weld mesh base our trolleys are kept cool around the clock |
| FREE shipping | All our prices INCLUDE shipping! (For UK and US only) |
| Fully assembled | Our products are delivered fully assembled. Or as we say ready to roll |
| Additional extras | No hidden extras, what you see is exactly what you get, everything you need is included! Robust rubber wheels, reinforced telescopic handle, safety stays, internet connection point and storage spaces for your router and even your Laptop |
| Usable top surface | Yes |
| Simultaneous charging | All our units provide simultaneous charging and syncing! |
| Testing certifications |  Safety tested to the highest level worldwide |
| Lifetime warranty | Lifetime warranty on all products and components, 5 years warranty on electrics. Product support for life! LapCabby offers the best warranty on the market (with no small print to consider. We make it easy to understand and we support our end users for the life of the product!) |

About LapCabby

Clever technology solutions that tick all the boxes.

For twenty years we've been developing innovative products that our customers love. We make portable storage trolleys and charging solutions for laptops, tablets, e-readers, Chromebooks and netbooks. They're the smart way to keep your tech safe, charged, and in one secure place.

Developed over two decades with the help of customers and technology users, we've included some really ingenious features to ensure our products do everything you need them to – and a little more besides. Our trolleys are used everywhere, from schools, libraries and museums to restaurants and even laboratories, so wherever you are our products are sure to make a difference.
